**APPLICABLE PROJECT TYPE/SIZE**

**COST**

<p><b>SMALL PROJECTS</b>  ≤ 100 KW</p>	<p>All three-phase generation project (including net metering, load displacement and energy storage systems) application that are:</p> <ul style="list-style-type: none"> <li>a) &gt; 10 kW and ≤ 30 kW connecting to a supply feeder with voltage less than 15 kV; OR</li> <li>b) &gt; 10 kW and ≤ 100 kW connecting to a supply feeder with a voltage of 15 kV or greater.</li> </ul>	<p>\$3,200.00 +HST</p>
<p><b>SMALL PROJECTS</b>  ≤ 500 KW</p>	<p>1) All three phases generation project (including load displacement and energy storage systems but excluding net metering applications that are:</p> <ul style="list-style-type: none"> <li>a) &gt; 30 kW and ≤250 kW connecting to supply feeder with Voltage less than 15 kV; OR</li> <li>b) &gt; 100 kW and ≤ 500 kW connecting to a supply feeder with a voltage of 15kV or greater.</li> </ul> <p>2) Single phases generation projects (excluding net metering) applications connecting to a supply feeder that are greater than 10 kW.</p>	<p>\$4,700.00 +HST</p>
<p><b>SMALL PROJECTS NET METERING</b>  ≤ 500 KW</p>	<p>1) All three phases net metering generation project applications that are:</p> <ul style="list-style-type: none"> <li>a) &gt; 30 kW and ≤ 250 kW connecting to a supply feeder with a voltage less than 15 kV; OR</li> <li>b) &gt; 100 kW and ≤500 kW connecting to a supply feeder with a voltage of 15kV or greater.</li> </ul> <p>2) All single phases net metering generation project applications that are greater than 10 kW.</p>	<p>\$4,700.00 +HST</p>
<p><b>LARGE PROJECTS</b>  &gt; 500 KW</p>	<p>All generation project applications (including net metering, load displacement and energy storage systems) that are:</p> <ul style="list-style-type: none"> <li>a) &gt; 250 kW connecting to a supply feeder with a voltage less than 15 kV; OR</li> <li>b) &gt; 500 kW connecting to a supply feeder with a voltage of 15 kV or greater.</li> </ul>	<p>\$11,500.00 +HST</p>
